Student life, although it encompasses all the activities in our high school means a different, and most individual thing to every student. The 1973 Reflections is a collection of our experiences at Belmont High both on and off campus—moments crowded with people, moments isolated and alone. This yearbook is dedicated to recalling the memory of some of these moments.

Above all we remember people . . .

. . . wishing there were more than 24 hours in a day . . .
 wishing there were less than 45 minutes in a math period . . .

... worried . . .
 exuberant . . .
 frustrated . . .
 sincere . . .
 quizzical . . .

... concentrating . . .
 laughing . . .
 working . . .
 . . . and always learning . . .

Who could forget???

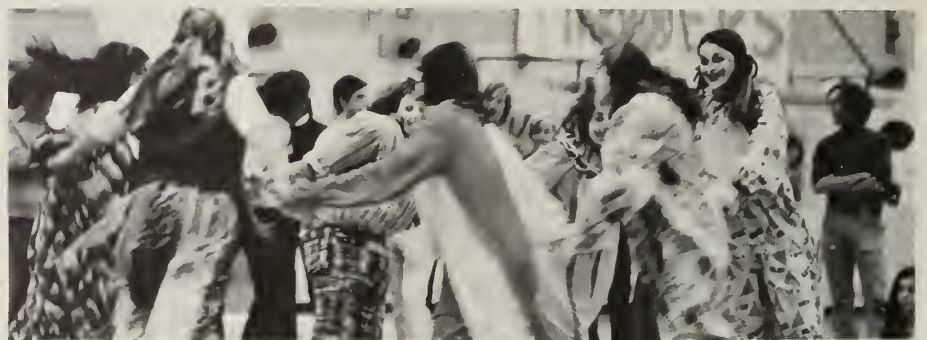

grades . . . transcripts . . . mid-years

ATPCEEBSAT310380PSATNMSQTSDQ . . .

term papers . . . independent projects

. . . college applications

achieving ...
 failing ...
 learning about ...
 the world ...
 each other ...
 ourselves ...

Insignificant things which become part of our lives . . .

Remember . . .

the dungeon . . . bomb scares . . . Mr. Media's broken arms . . . the zoo
. . . the dress code . . . animals and freaks (who won any way?) . . . the
Coke machine that never stopped . . . a school without freshmen . . .
bathroom passes . . . N.G.P. . . You blew it, baby! . . . rush hour at
guidance . . . WBHS . . . knocking on the library windows to say hello to
Mrs. Garfield . . . rain buckets in the old school . . . assigned studies . . .
the OLD Tim Nelson?

All these things are merely fragments of
our existence at Belmont Senior High School.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

When you are old and grey and full of sleep,
And nodding by the fire, take down this book,
And slowly read, and dream of the soft look,
Your eyes had once and of their shadows deep.

SUPPLEMENT '73
BELMONT H.S.

"Make new friends but keep the old" are words which are taking on new meaning for the class of '73. After 13 years together we all have a lot of special people and things that we'll remember. To quote a great leader we once knew: "We shall all miss the locker room atmosphere of the Social Studies Department, the vulcanized cafeteria pizza, and the comfortable seating accomodations outside of Mr. Sullivan's office." Also: the senior staircase ... the Cabaret girls of Club '73 ... the fantastic (?) food at the Senior Banquet ... the Super Senior Spaghetti Emporium ... class meetings at Rock Meadow. All of these insignificant things have become part of the lives of the class of '73 ... lives which hopefully will be full of much peace, happiness, and success.
